"Pray, how can it be thine?" says Cobb, I'm sure I never sold it; 'Twas left me by my father sir, I only ought to hold it."

"Ay Cobb, but something whispers me-A sort of inspiration-That I've a right to every farm Not under cultivation. I'm of the 'Anglo-Saxon race,' A people known to fame, sir; you, what right have you to land?

Who ever heard your name, sir? "I deem you, Cobb, a lazy lout, Poor, trodden down and blind, sir; And if I take your useless land You ought to think it kind, sir? I set it down as true sir, That I can gather from the farm

Full twice as much as you, sir. 'To be explicit: 'Tis an age Of freedom and progression; No longer, dog-in-manger like, Can you retain possession. The farm long since you forfeited, Because you failed to till it,

My logic if you disapprove Or fail of comprehending, Or do not feel convinced that I Your welfare am attending, I've plenty more of arguments To which I can resort, sir; Six-shooters, rifles, bowie-knives Will indicate the sort, sir.

"So prithee, Cobb, take my advice,

Make over your domains, sir; Or, sure as ! am Captain Robb, Will I blow ou! your brains, sir!" Poor Cobb can only grind his teeth And grumble protestations, That might should be the rule of right Among enlightened nations. THE AMERICAN HORSES IN ENGLAND .-

The mass of the voters of South Carolina have been from the first among the most violent denouncers of the American party for its proposed extension of the term required for the naturalization of foreigners. They, like their Dem ocratic brethren every where else, have been charging the Americans with the most relentless political proscription; and yet now, going in one respect far beyond the Americans, they declare through their Legislature their determination so to amend their own State constitution as not to let a foreign born man vote in their State till he has been at least ten years a naturalized citizen. Perhaps these South Carolina Democrats, in view of what they saw at the late elections, are beginning to realize the notorious fact that the men who pour into this country from the various countries of Europe, are almost invariably Abolitionists or Freesoilers and continue so until they have lived many years under the influence of our beneficient institutions. CATHARTIC PILLS

OPERATE by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, and by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, Las shown cures of dangerous diseases almost beyond belief, were they not substantiated by persons of such exaited position and character as to forbid the suspicion of untruth. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish force to all inquiring.

Thich the Agents below named are pleased to furnish free to all inquiring.

Annexed we give Directions for their use in the compleints which they have been found to cure.

For Correvances.—Take one or two pills, or such youndity as to gently move the bowels. Costiveness is irrequently the aggregating cause of Pills, and the cure of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it had been the representation of the control of the cost of t

FOR NERVOUSNESS, SICK HEADACHE, NAUSEA, Pain in the Stomach, Back, or Side, take from four to cight pills on going to bed. If they do not operate sufficiently, take more the next day until they do. These complaints will be swept out from the system. Don't wear these and their kindred disorders because your stomach is foul.

The Screen of the system o

FOR SCHOPLIA, ENYSIPELAS, and all diseases of the Skim, take the Pills freely and frequently, to keep the iowels open. The cruptions will generally soon begin to sixinish and disappear. Many dreadful ulcers and sores have been healed up by the purging and purifying effect of these Pills, and some disgusting diseases, which seemed to saturate the whole system, have completely yielded to their influence, leaving the sufferer in perfect health. Patients! your duty to society forbids that you should parade yourself around the world covered with pimples, blotches, ulcers, sores, and all or any of the unclean diseases of the skin, because your system wants clean diseases of the skin, because your system wants

To PURIFY THE BLOOD, they are the best medicine ever discovered. They should be taken freely and frequently, and the impurities which sow the seeds of incurable diseases will be swept out of the system like chaff before the wind. By this property they do as much good in preventing sickness as by the remarkable cures which they are making every where.

they are making every where.

Liver Complaint, Jaundice, and all Bilious Affections arise from some decangement—either torpidity, congestion, or obstructions of the Liver. Torpidity and congestion vitiate the bile, and render it unfit for and congestion vitate the bile, and render it until for digestion. This is disastrous to the health, and the con-stitution is frequently undermined by no other cause. Indigestion is the symptom. Obstruction of the duct which empties the bile into the stomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, or, alternately, costiveness and diarrheae, prevails. Feveror, alternately, costiveness and diarrhæa, prevails. Feverish symptoms, languor, low spirits, weariness, restlessness, and melancholy, with sometimes inability to sleep, and sometimes great drowsiness; sometimes there is severe pain in the side; the skin and the white of the eyes become a greenish yellow; the stomach acid; the bowels sore to the touch; the whole system irritable, with a tendency to fever, which may turn to bilious fever, bilious colic, belious diarrhæa, dysentery, &c. A medium dose of three or four pills taken at night, followed by two or three in the meruing, and repeated a few days, will remove the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 25 cents.

Referentiam, Gout, and all Inflammatory Fevers are rapidly cured by the purifying effects of these Pills upon the blood and the stimulus which they afford to the vital principle of Life. For these and all kindred complaints they should be taken in mild doses, to move the bowels geptly, but freely.

gently, but freely.

As a DINNER PILL, this is oth agreeable and useful.

No pill can be made more pleasant to take, and certainly none has been made more effectual to the purpose for which a dinner pill is employed.
